1) Put the following numbers in order from greatest to smallest.

27	18	37	40	9	14
----	----	----	----	---	----

<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

2) Put the following numbers in order from smallest to greatest.

29	32	18	46	28	7
----	----	----	----	----	---

<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

3) Put the following numbers in order from greatest to smallest.

22	16	37	42	8	14
----	----	----	----	---	----

<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

4) Put the following numbers in order from smallest to greatest.

23	3	11	29	19	5
----	---	----	----	----	---

<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------	----------------------	----------------------	----------------------

5) Put the following numbers in order from greatest to smallest.

2	6	4	12	10	8
---	---	---	----	----	---

<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>
----------------------	----------------------	----------------------	----------------------	----------------------	----------------------
