## ADJECTIVES (USE OF ADJECTIVES)

An adjective describes / modifies a noun or pronoun. Usually it comes before a noun it qualifies or points out. Adjectives are used to make sentences more interesting, vivid and colorful. They add something to the meaning of nouns / pronouns. Speaking, reading and writing of English will remain dull without adjectives. Usually they are answers to questions like: What kind? How many? Which one? etc..... **Examples:** Clever fox, Some rice, Blue book.

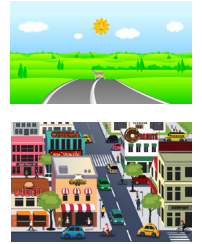

Read the following sentences and note the underlined adjectives. Fill in the space given for each sentence with the opposite of the underlined adjective.

Example:

The mother cat is fat but the kitten is thin.

1) This national high way is broad but that street road is \_\_\_\_\_.

2) Don't take hot cups and \_\_\_\_\_ water.

3) A good boy should give up \_\_\_\_\_ habits.

4) The beautiful girl is in \_\_\_\_\_ rags.
