

NAME _____ DATE _____

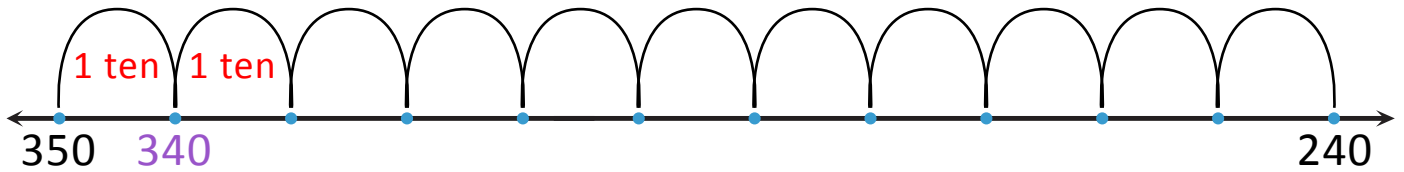

USING NUMBERS IN DIFFERENT FORMS

Count ones, tens and hundreds. Use bundles, number lines and place value disks.

Example:

Write down the difference between 350 and 240. You might use number lines, place value disks, bundles.

Number lines:

$$11 \text{ tens} = 10 \text{ tens} + 1 \text{ ten}$$

Place value disks:

H	T	O
100	10	

(OR)

H	T	O

Bundles of 110:
