

NAME _____ DATE _____

APPLICATION OF FRACTIONS TO TELL TIME

Solve elapsed time problems involving whole hours and a half hour.

1) James spent 4 and a half hours at his family picnic. It started at 1:30 p.m. What time did James leave?

Solution:

Picnic started at _____ p.m.

James spent time in the picnic _____ hours.

James left at the end ___ p.m.

By arrow way:

1:30 $\xrightarrow{+1}$ 2:30 $\xrightarrow{\quad}$ _____ $\xrightarrow{\quad}$ 4:30 $\xrightarrow{+1}$ _____ $\xrightarrow{\quad}$ 6:30

(James left at 6:30 p.m. If he spent 5 hours, but James spent in the picnic 4:30 hours)

So, he left at the end at ___ p.m.

(OR)

John left at the end ___ p.m.
