# Bundle and Count

Counting up to 1000.

Example:

Show a way to count from 170 to 410 using tens and hundreds. Circle at least 1 benchmark number.
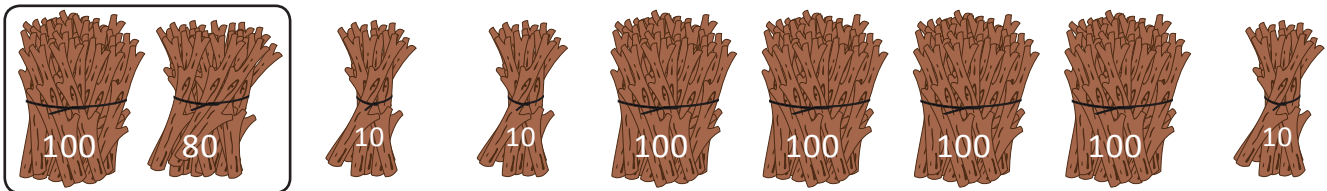

170, 180, 190, (200), 300, 400, 410.

Do the following problems as given in the example above.

1. Show a way to count from 180 to 610 using tens and hundreds. Circle at least 1 benchmark number.

180, 190, 200, 300, 400, ____, 600, 610.

- -

2. Show a way to count from 190 to 810 using tens and hundreds. Circle at least 1 benchmark number.

190, 200, 300, 400, ____, ____, ____, 800, 810.
