## COMPARING NUMBERS

Identification of numbers greatest - smallest.

1) Put the following numbers in order from smallest to greatest.

| 37 | 29 | 47 | 17 | 23 | 19 |
| :--- | :--- | :--- | :--- | :--- | :--- |
| $\square$ | $\square$ | $\square$ | $\square$ | $\square$ | $\square$ |

2) Put the following numbers in order from greatest to smallest.

| 20 | 40 | 10 | 60 | 30 | 50 |
| :--- | :--- | :--- | :--- | :--- | :--- |
| $\square$ | $\square$ | $\square$ | $\square$ | $\square$ | $\square$ |

3) Put the following numbers in order from smallest to greatest.

| 21 | 41 | 11 | 51 | 31 | 61 |
| :--- | :--- | :--- | :--- | :--- | :--- |
| $\square$ | $\square$ | $\square$ | $\square$ | $\square$ | $\square$ |

4) Put the following numbers in order from greatest to smallest.

| 34 | 17 | 28 | 15 | 3 | 40 |
| :--- | :--- | :--- | :--- | :--- | :--- |
| $\square$ | $\square$ | $\square$ | $\square$ | $\square$ | $\square$ |

5) Put the following numbers in order from smallest to greatest.

$$
\begin{array}{|llllll|}
\hline 34 & 17 & 28 & 15 & 3 & 40 \\
\square & \square & \square & \square & \square & \square
\end{array}
$$
