## PROBLEM SOLVING QUESTIONS

Solve using words, math drawing and number.

- 1) Steven decorated table for the party. He put 4 dolls, 6 balloons and 1 cake on the table. How many items Steven kept on the table?

**Words:**

Steven decorated \_\_\_ dolls.

Steven decorated \_\_\_ balloons.

Steven decorated \_\_\_ cake.

Altogether Steven decorated \_\_\_ + \_\_\_ + \_\_\_ = \_\_\_ items.

**Math drawings:**

**Numbers:**

\_\_\_ + \_\_\_ + \_\_\_ = \_\_\_.

- 2) William read 5 story books, 4 comic books and 6 superheroes books. How many books did William read in all?

**Words:**

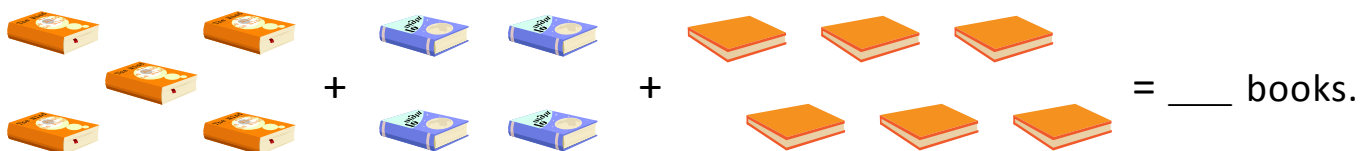

William read \_\_\_ story books.

William read \_\_\_ comic books.

William read \_\_\_ superheroes books.

Altogether William read \_\_\_ + \_\_\_ + \_\_\_ = \_\_\_ books.

**Math drawings:**

**Numbers:**

\_\_\_ + \_\_\_ + \_\_\_ = \_\_\_.
