## SUBTRACTIONS

Solve by using take from ten strategy using number bond.

Example:

David has 14 books in his bag. He took 8 books and kept in the cupboard. How many books did David left in the bag?

$$14 - 8 = \underline{\quad}$$

David left      books in the bag.

---

1. Gabriela has 16 barbie dolls. Her sister has taken away 9 barbie dolls. How many barbie dolls are left with Gabriela?

$$16 - 9 = \underline{\quad}$$

Gabriela left with      barbie dolls.

---

2. In a park 17 children are playing. After some time, 9 children went away. How many children are still playing in the park?

$$17 - 9 = \underline{\quad}$$

There are      children still playing in the park.
