ADJECTIVES (USE ADJECTIVES)

An adjective describes / modifies a noun or pronoun. Usually it comes before a noun it qualifies or points out. Adjectives are used to make sentences more interesting, vivid and colorful. They add something to the meaning of nouns / pronouns. Speaking, reading and writing of English will remain dull without adjectives. Usually they are answers to questions like: What kind? How many? Which one? etc..... **Examples:** Clever fox, Some rice, Blue book.

Choose the correct adjective and write it in the space provided.

Examples:

a) Ashoka was a great king. (great / working)

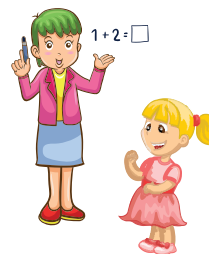

b) The poor woman has a little money to spend. (more / little)

1) Give _____ mangoes to everybody. (three / third)

2) _____ one teaches one. (no / each)

3) I shall be in _____ grade next year. (fourth / four)
