ADJECTIVES (USE OF ADJECTIVES)

An adjective describes / modifies a noun or pronoun. Usually it comes before a noun it qualifies or points out. Adjectives are used to make sentences more interesting, vivid and colorful. They add something to the meaning of nouns / pronouns. Speaking, reading and writing of English will remain dull without adjectives. Usually they are answers to questions like: What kind? How many? Which one? etc..... **Examples:** Clever fox, Some rice, Blue book.

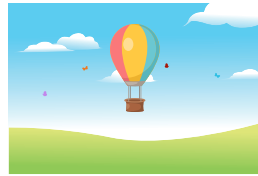

Read the adjectives given in the help box and use them to fill in the space given for the following sentences.

Examples:
