

NAME \_\_\_\_\_

DATE \_\_\_\_\_

## ADDITION OR SUBTRACTION

Use math drawings to represent additions with up to two compositions and relate drawings to the addition algorithm.

Example:

$$117 + 170 = \underline{287}$$

Hundreds		Tens		Ones	
1	1	1	7	7	0
<b>2</b>		<b>8</b>		<b>7</b>	

$$= 117 + 170 = \underline{287}.$$

1)  $217 + 173 = \underline{\quad}$

Hundreds		Tens		Ones	
2	1	1	7	7	3

(10 ones = \_\_\_ ten)

$$= 217 + 173 = \underline{\quad}.$$

= \_\_\_ hundreds + \_\_\_ tens.

$$= \underline{\quad} + \underline{\quad} = \underline{\quad}.$$

2)  $371 + 133 = \underline{\quad}$

Hundreds		Tens		Ones	
3	1	7	3	1	3

(10 tens = \_\_\_ hundred)

$$= 371 + 133 = \underline{\quad}.$$
